Dear Parent/Carer

Change of school lunch arrangements

We have changed the lunchtime arrangements for module 2 and have split period 4 into 3 equal sessions of 30 minutes except Fridays, which is 35 minutes long. The lunch rotation will be by building so students will go to lunch depending on which teaching block they are in rather than by college. When students are not at lunch, they will be in their lesson for the remainder of period 4. We have also increased the break time from 20 to 25 minutes to ensure that students have the time for comfort breaks and a bite to eat. We have not altered the start and end times of the day and believe that this will make the school day more comfortable for everyone.
