Dear Parent/Carers

Safe Cycling

As you will be aware, there is a lot of traffic around the academy site before and after the school each day. Most students who cycle to school do so safely and sensibly but there is a handful who do not.

For reasons of safety, students must walk along the footpaths within the academy grounds with their bikes until they are off the site. Any student who does not follow this simple rule runs the risk of being banned from bringing their bike to school. We have staff on duty to monitor this and I sincerely hope this is not necessary and would ask you to reinforce the message at home.

Yours faithfully

Tracey Trusler
Principal
