

Disability Policy

Policy Date: June 2017

Policy Review Date: June 2018

1. Introduction

- 1.1 Wilmington Academy is committed to a fair and equal treatment of all individuals regardless of disablement. The Academy will welcome applications from people with disabilities to join Wilmington Academy community as students and staff.
- 1.2 Wilmington Academy has been designed and built to have provision and accessibility for people with disabilities so that they may be integrated fully into Academy life. This includes parents/carers and members of the wider community.
- 1.3 The curriculum will be designed so that it may be delivered to provide flexible and equal access to all students whether able or disabled as far as is practicable within a mainstream educational establishment.

2. Aims

- 2.1 The aims of this statement are to ensure that:
 - a) applications for admission from all potential students are considered in line with the published admission arrangements;
 - b) applications for employment are considered and assessed on the basis of the applicants' aptitudes, abilities and qualifications;
 - c) disabled staff and students have access to the appropriate support and adaptations to enable them to be fully included in the life of the Academy;
 - d) the views of individual students, staff, parents, visitors, and members of the community are taken into account at all times when their requirements are being assessed;
 - e) all students are fully integrated into Wilmington Academy and individual needs are assessed and supported as far as it practicable within a mainstream educational establishment;
 - f) staff working with disabled people, either as colleagues or as students, have appropriate information, support and training;
 - g) Wilmington Academy takes steps to enable staff and students who become disabled during their time at Wilmington Academy to continue in their chosen career or course of study as far as is practicable;
 - h) Disabled members of the public can fully participate in public events held within the Academy;
 - i) So far as is reasonably practicable, Wilmington Academy premises are accessible and safe for disabled people; and
 - j) No disabled student or staff member is treated less favourably as a result of their disability.

3. Implementation

- 3.1 The SENCO will be responsible for ensuring that staff and parents are made aware of this policy and that the Disability Code of Practice set out below is followed. (Throughout this policy, the term “parents” means all those having parental responsibility for a child).
- 3.2 The Principals and the Governing Body will have overall responsibility for ensuring that this policy statement is implemented.

4. Disability Code of Practice

- 4.1 Any future building projects will be considered at the planning stage for accessibility and usability by people with disabilities.
- 4.2 Evacuation procedures and escape routes for students and staff with disabilities will be carefully planned and published.

Students

- 4.3 Applications will be considered in line with the published admission arrangements for all students. An applicant’s disability will not prevent him/her from being offered a place and integrated into Wilmington Academy unless:
 - a) The content, structure and delivery of the curriculum are such that the student would be prevented from fulfilling a major part of it; or
 - b) Wilmington Academy would be unable to provide suitably trained staff or facilities to allow the requirements of the National curriculum to be met.
- 4.4 Wilmington Academy will aim to provide students with a disability with the appropriate support to enable them to be fully integrated. Wilmington Academy will not treat a student with a disability less favourably than any other student and will make reasonable adjustments to ensure the full participation and integration of disabled students.
- 4.5 As far as resources allow, the needs of disabled students will be taken into account in the design, structure and flexibility of teaching methods and delivery. Where a curriculum area is organised in such a way that a disabled student cannot fully participate, alternative provision will be made.
- 4.6 Students with a disability or who become disabled whilst studying at Wilmington Academy will be given appropriate support from staff to enable them to have equal access to the curriculum. Individual needs will be considered and addressed by all curriculum areas in collaboration with the SENCO and an Individual Provision Plan drawn up on an annual basis.
- 4.7 Wilmington Academy recognise that special arrangements may be required to enable students with disabilities, including specific learning difficulties, to exhibit their capabilities and knowledge. Special arrangements will be made to enable such students to perform to the best of their ability by meeting their individual needs. For example, Wilmington Academy will liaise with the relevant Examination Boards in such

instances. Students and parents/carers will be made fully aware of the process for making special arrangements for assessment and examination by the SENCO, in liaison with specific curriculum area managers and the Academy's Examination Manager.

Staff

4.8 Wherever practicable Wilmington Academy will:

- a) Consider and seek to employ disabled people in jobs suited to their aptitudes, abilities and qualifications in line with the Disability Discrimination Act (2005) (see References section below);
- b) Ensure that employees with disabilities are considered for promotion according to their aptitudes, abilities and qualifications;
- c) Ensure that disabled employees are not disadvantaged when the renewal of fixed-term contracts is being considered.

4.9 Members of staff who become disabled, so far as is practicable, should continue to remain employed by Wilmington Academy at the discretion of the Principals and Governing Body, dependant on their ability to carry out the duties of their post. Help from related professional organisations should be sought when considering not only the possible effects of the disability but also other consequential disadvantages, such as loss of status or financial loss.

4.10 Wilmington Academy will endeavour to make reasonable adjustments to enable the employee to continue in post. However, options might include:

- a) continuing in the same post
- b) a gradual return to work
- c) a reduction in hours
- d) redeployment
- e) premature retirement on grounds of incapacity
- f) termination of employment

4.11 In cases where a disability is a degenerative, progressive condition that develops over time, careful consideration should be given to the selection of the most appropriate option(s).

4.12 Wilmington Academy will make reasonable changes to work practices and, where possible, the workplace to enable disabled people to work successfully, including those members of staff who become disabled whilst employed.

4.13 Wilmington Academy will ensure that a programme of training is offered to staff to increase their awareness of students with disabilities and inform them of appropriate action to be taken when delivering the curriculum. Teaching assistants will support teaching staff as required to help ensure that disabled students have equal access to the curriculum.

5. Monitoring, Evaluation and Review

5.1 The Governing Body will review this policy at least every two years and assess its implementation and effectiveness.
