Dear Parent/Carer

Pick Up/Parking After School

Thank you to all parents/carers who park in the designated spaces and pick up responsibly after school, which is the vast majority.

Unfortunately there are a very small number, who park on double yellow lines, on the zebra crossing and/or in front of the emergency services gates. As responsible adults, we all know if our parking will be an inconvenience or danger to others.

At present, I am simply sending this letter as a reminder and asking you to be polite to staff if they have occasion to speak to you and to think of the safety of our students.

I would not wish to ban anyone from bringing their vehicle onto the academy's premises and hope this will not be necessary.

Many thanks for your support.

Yours faithfully

Mrs T Trusler
Principal
