

10 July 2018

Dear Parent/Carer

On Wednesday 19 of September 2018, Wilmington Academy will be hosting their first ever 5K School Race for Life event which will take place on the school's sports field.

This is open to pupils and staff only this year, but we hope the event will be a success that in further years we can open it to parents and carers also. The event will take place after the school day has ended (as it falls on a Wednesday this will be 2:15pm) so those pupils who are collected will need to make arrangements to be collected around 3:15pm instead.

Entrance to the event costs £1. All participants will receive a sponsorship form and an official medal on completion of the race. This should be paid via your ParentPay account, if you would like to pay by cash, please ask your child to ask their College Admin Office for a barcoded letter that allows you to pay at a PayPoint facility.

If your son/daughter would like to participate in this even, please could I ask you to complete the attached consent form ask your child to return it to their College Admin College by 18 September the cost the £1 entrance fee should also be paid by the same date.

Cancer Research UK's life-saving research is helping to beat cancer sooner. They don't receive Government funding so every step towards beating cancer relies on every pound donated. You can make a real difference. Your efforts will help us beat cancer sooner.

Yours faithfully

Mr J Marriott
